(12 Store) PAGAF Informed Fifth Air Force of the possibility that FACCK C-130 aircraft might be withdrawn to support GINGLANT contingency plans.

(Nesseys FAGAF to SAF, 13AF, 31SAD, DTG 24/03422 repeating message CHROPAC to multiple addresses, DTG 20/22322). A subsequent message repeated the possibility, and pointed out that the maintenance of SIOP posture might require severe curtailment of present theater air support for Southeast Asia and Korea. (Nessage FAGAF to SAF, 13AF, 31SAD, DTG 24/03442 repeating CINGFAC message to multiple addresses, DTG 2319552). Immediately following, another message stated that FAGAF could deploy 42 of the 58 C-130 aircraft currently possessed without maintenance standhown, and could deploy ten more within 72 hours. This would require adjustment of strike times to account for delays, would necessitate other adjustments in relation to airlift, training, and maintenance. (Nessage PAGAF to SAF, 13AF, CINCFAC, PFOCO-S62-1175, DTG 24/0345Z Oct 62).

COMBAT FORCES
